

Digital Methods for Studying your Local Countryside and its History

David Lovelace, landscape historian, will discuss how to harness freely available software and online resources with ubiquitous devices for research and fun. The illustrated talk will include field recording, mapping, LIDAR*, data handling, digital image processing and presentation.

10:30am-12:00pm on Monday 22nd May 2017

at Herefordshire Archive and Records Centre, Fir Tree Lane, Rotherwas, HR2 6LA

Cost: £8 (includes refreshment)

Booking is essential. Payment must be made at the time of booking.
