

MAJOR ROAD CLOSURES

Major road closures are planned for September 24th in and around the Teme Valley for a Velo Birmingham cycling event. Current information shows that the closures include routes such as Tenbury to Bromyard; Bromyard to Great Witley (via Upper Sapey and Stanford Bridge); Tenbury to Martley (via Upper Rochford and Clifton); Great Witley to Martley; Great Witley to Bewdley (via Dunley); Great Witley to Droitwich (via Ombersley and Holt Fleet Bridge). See the map for more detail on times and locations of closures.

The organisers state "It is a requirement for the event route to be completely vehicle-free" and added "If you do not have off-road parking it is suggested that you make alternative plans to park your vehicle in adjacent roads that are not affected by the events. Any cars parked on the routes after the parking restrictions have been implemented will be removed."

If you need more information the organisers say you can email route@velobirmingham.com or ring 020 7593 5248 and leave a message for them

ROAD CLOSURES - 24th SEPTEMBER 2017
